

## Combined Sunday School in June

### **“What in the world is God doing?”**

From proclaiming the gospel within the city of Jerusalem to spreading it around the world (Acts 1:8), Christians always have sought to proclaim Jesus’ commands (Matthew 28:20). It is time for us as a church to rally around the work of the gospel and see **“What in the World God is Doing.”** We will learn about faraway lands as well as our own neighborhoods.

Don’t miss what is going on at Castleview Baptist Church during our combined Sunday School classes at 9 a.m. During June, we’ll focus our attention on missions. Highlights will include the entire group reading through *Let the Nations Be Glad* by John Piper and hearing from people from around the world. You will even learn ways God has called you to be a missionary and His plans for you to engage in your mission.

## Combined Sunday School in July

### **“What in the world are you doing?”**

Watching Payton Manning throw the football to Reggie Wayne can be both an exciting and depressing experience.: exciting because you so badly want them to succeed and cover some serious yardage; depressing because you watch men do what it seems no mere mortals can, especially you.

Many Christians experience similar feelings about the subject of evangelism. You may be thrilled when you hear reports of others who clearly proclaim the good news of Jesus Christ because Christ is honored and the lost are loved. But you also may be discouraged because it seems like you have to dig into the annals of time to think of your own moments of gospel-flavored conversation. Well, let’s put a stop to those mixed feelings. It’s time to recover the joy of faithfulness and fruitfulness from our own life-changing proclamations.

In July, during our Sunday School time, we will learn not only the mechanics of evangelism, but importantly, the motivation. Set your alarm clocks now, because on Sundays at 9:00 am you will want to be there.
